Thank you for choosing The Standard.

Sincerely,

The Standard

Thank you for selecting The Standard for your Life Insurance coverage. Our Group Term to 100 Life Insurance plan provides affordable term life insurance to age 100, and pays a lump-sum benefit in the event your death occurs prior to age 100.

This valuable coverage can help provide relief from some of the financial burdens associated with a death; it is a gift of love to your family members at a time when they'll need it most.

Please read this important information to help you best understand the valuable coverage you've purchased:

The intent of this product is to provide you with affordable term life insurance. Your premium payment is designed to provide a level death benefit to age 100 under current experience factors.

The initial death benefit is guaranteed for the first five years of coverage.

After year five:

The death benefit may change but will never be less than the minimum for your certificate.

This does not mean your death benefit will decrease, but it means it could if current experience factors change.

You will receive a communication from The Standard to help you monitor your coverage each year.

Your premiums will never increase unless you make changes to your coverage.

Your coverage becomes effective on the date described in the specification page of your policy or certificate. To access claims forms, please visit

Thank you for choosing The Standard.
